Experts in shaping light

Expertos en dar forma a la luz

(ENG) We are committed to exploring lighting in all its aspects. Our goal is to transform spaces within buildings and enhance them through lighting solutions tailored to individual environments. This is the challenge we face as a company, which constitutes our everyday endeavour. LEDS C4 is endorsed by 13,000 clients in more than 140 countries, and we have a portfolio of more than 3,000 technical and decorative lighting projects, both interior and exterior.

(ESP) Nuestro cometido es explorar las infinitas posibilidades de la luz, con el fin de transformar los espacios y enriquecerlos a través de las soluciones de iluminación más adecuadas a cada ambiente.

Este es el reto y día a día de una compañía avalada por 13.000 clientes en más de 140 países, y que cuenta con un porfolio de más de 3.000 proyectos de iluminación técnica y decorativa, tanto interior como exterior.

An ongoing challenge

Un reto continuo

^(ENG) We are committed to quality, durability and high performance for all our lighting. Our technical and quality teams work constantly to optimise materials, designs and processes. To achieve this, all our products undergo comprehensive testing to ensure high performance throughout their lifespan.

To show how committed we are to delivering premium quality, LEDS C4 offers a fiveyear warranty against manufacturing defects, which applies to all the products in our extensive catalogue of more than 9,000 product references. All company initiatives and progress hinge upon our comprehensive knowledge of the industry, as well as our focus on clients' experience.

^(ESP) Comprometidos con la calidad, la durabilidad y el rendimiento de nuestras luminarias, los equipos de oficina técnica y calidad trabajan en una continua optimización de los materiales, diseños y procesos. Por ello, todos los productos se someten a pruebas exhaustivas para garantizar un buen desempeño durante toda su vida útil.

Convencidos de esto, LEDS C4 ofrece una garantía de cinco años contra defectos de fabricación, que extiende a su versátil catálogo de más de 9.000 referencias. Nuestras acciones y avances se fundamentan en un profundo conocimiento de la industria y en dar relevancia a la propia experiencia de nuestros clientes.

A desire to innovate

Inquietud por la innovación

(ENG) In under 10 years, LED technology has completely revolutionised the technical lighting sector and LEDS C4 has been a pioneer in Europe in incorporating this new technology, demonstrating that it is possible to live in the present with an eye to the future. And that it is possible to be competitive, solid and efficient while being innovative. As an industry leader, we strive to optimise lighting with cutting edge technologies. We also produce new lighting solutions for the present and the future, based on product miniaturisation, light control and quality, connectivity and digital services.

(ESP) En menos de 10 años, la tecnología led ha revolucionado por completo el sector luminotécnico, y LEDS C4 ha sido pionera en Europa en incorporar esta nueva tecnología, demostrando que se puede vivir en el presente pensando en el futuro. Que se puede ser competitivo, sólido y eficiente a la vez que innovador. Como líderes en el sector, seguimos trabajando para optimizar las fuentes de luz a partir de tecnologías de vanguardia. Y contribuyendo con nuevas soluciones para hoy y mañana basadas en la miniaturización de los productos, el control y la calidad de la luz, la conectividad y los servicios digitales.

Large-scale lighting

Iluminando en grande

(ENG) Large spaces need advanced lighting solutions. They require exhaustive control at each and every stage of the process, from the design concept, through to manufacturing, installation, and use. Large-scale lighting projects call for safety in large infrastructures and service at height: 30,000 m2 of facilities and 350 professionals fully dedicated to meeting all the project's expectations, be it in hotels, offices, shopping centres, museums or residential areas. LEDS C4 also has in-house teams specialised in designing customised solutions to illuminate architectural, interior and design projects.

(ESP) Los grandes espacios requieren soluciones de iluminación avanzadas. Piden un control íntegro de todas y cada una de las etapas del proceso, desde la conceptualización al diseño, la fabricación, y hasta la instalación. Los proyectos lumínicos de gran envergadura necesitan la seguridad de grandes infraestructuras y un servicio a la altura: 30.000 m2 de instalaciones y 350 profesionales dedicados plenamente a satisfacer las expectativas de cualquier proyecto, ya sean hoteles, oficinas, centros comerciales, museos o áreas residenciales. Para iluminar los proyectos de arquitectos, interioristas y diseñadores, LEDS C4 dispone, además, de equipos internos especializados en diseñar soluciones personalizadas.

- Fairmont Rey Juan Carlos I Barcelona

LEDS C4 Group

(ENG) Four ways of interpreting light. One premise: excellence. The LEDS C4 group exports lighting solutions around the world that adapt to the needs of any project, working for different markets and different customer profiles.

(ESP) Cuatro formas de interpretar la luz. Una misma premisa: la excelencia. El grupo LEDS C4 exporta alrededor del mundo soluciones de iluminación que se adaptan a las necesidades de cualquier proyecto, trabajando para distintos mercados y perfiles de consumidores.

LEDS C4

(ENG) A wide range of technical and decorative, indoor and outdoor lighting solutions with a sales network in over 140 countries and the ability to design and manufacture made-to-measure products.

(ESP) Amplia gama de soluciones de iluminación técnica y decorativa, interior y exterior, con una red comercial en más de 140 países y alta capacidad para diseñar y fabricar productos a medida.

Grok

(ENG) Design and individuality converge to create great spaces and sensations through contemporary lighting.

(ESP) Diseño y singularidad confluyen para construir grandes espacios y sensaciones a través de una iluminación contemporánea.

Carandini

(ENG) Lighting solutions for urban street lighting, industrial and sporting facilities and other types of infrastructure in Europe, America and Africa.

(ESP) Soluciones de iluminación de vías públicas, instalaciones industriales y deportivas, y otras infraestructuras en Europa, América y África.

Forlight

(ENG) Lighting solutions for residential use and low intensity projects in indoor and outdoor settings.

(ESP) Soluciones lumínicas de uso residencial y proyectos de uso no intensivo en contextos indoor y outdoor.

Pendant / Suspensión

Punto

(ENG) Punto is a collection of spherical, minimalist pendants that places the entire emphasis on the use of light. A focused light, with a high chromatic reproduction and visual comfort. The simple version integrates perfectly into the space, highlighting any element it focuses on.

(ESP) Punto es una colección de colgantes de forma esférica y minimalista que cede todo el protagonismo a la luz. Una luz concentrada, de una alta reproducción cromática y confort visual. La versión simple se integra perfectamente en el espacio, enfatizando cualquier elemento que proyecte.

(ENG) This type of lighting invites you to create infinite combinations and play with asymmetry and chaos.

(ESP) Punto múltiple invita a generar infinitas composiciones y jugar con la asimetría y el caos.

(ENG) In multiples, you will find a much more complex luminaire, with a highly representative value and aesthetic appeal in any space.

(ESP) En la versión múltiple encontramos una luminaria mucho más compleja, con un alto valor representativo y aporte estético al espacio.

Coco

by Nahtrang Studio

(ENG) Coco, an organic piece with a light structure and warm glow, comes from a classic spherical lighting design gently moulded through gravity. Elegant, compositional and asymmetrical, Coco adapts to any space providing personality and a subtle sensation of weightlessness.

(ENG) The collection comprises a single pendant, a double pendant and a chandelier with a metal structure and different globes in perfect harmony.

(ESP) La colección formada por un colgante individual, un colgante doble y un chandelier cuenta con una estructura de metal y distintos globos en perfecta consonancia.

(ESP) De una clásica esfera de luz ligeramente moldeada por la gravedad, se origina Coco, una pieza orgánica de estructura ligera y luz cálida. Elegante, compositiva y asimétrica Coco se adapta a cualquier espacio aportando personalidad y una sutil sensación de ingravidez.

PENDANT / SUSPENSIÓN

Napa

by Nahtrang Studio

(ENG) Inspired by Scandinavia, Napa has a simple, subtle structure. The timelessness of the piece lies in the soft lines of the shade, which supported by a handle gives rise to a focal point at the top.

(ESP) De inspiración escandinava, Napa, cuenta con una estructura de formas sencillas y sutiles. La atemporalidad de la pieza reside en la pantalla de líneas suaves, que sostenida por un asa genera un punto de tensión en la cúspide.

(ESP) Napa proporciona una iluminación práctica y funcional capaz de armonizar cualquier espacio, desde una habitación, hasta una oficina o espacio comercial, utilizándola sola o en composición.

(ENG) Napa provides practical, functional lighting capable of harmonising any space, from a room to an office or commercial space, either alone or in combination.

SMART LIGHT: (ENG) By adjusting the lighting, you can achieve different effects within the same space, setting either a harmonious or contrasting mood, depending on the light scenes. / (ESP) Adecuando la iluminación se consiguen diferentes sensaciones dentro de un mismo espacio, generando un clima de armonía o de contraste en función de la escena lumínica.

Veneto

by Benedito Design

(ENG) The Veneto collection of pendant lamps reinterprets classic luxury with a luminaire with simple forms and fine finishes that provides intimate and refined lighting. The embossing gives it character and the gold detail balances the presentation.

(ESP) La colección de colgantes Veneto reinterpreta el lujo clásico con una luminaria de formas simples y acabados impolutos que aporta una iluminación íntima y refinada. El grabado le aporta carácter y el detalle en dorado equilibra la puesta en escena.

(ENG) The embossing adds complexity to the piece and creates an interesting lighting effect.

(ESP) El grabado añade complejidad a la pieza y crea un interesante efecto de luz.

PENDANT / SUSPENSIÓN

(ENG) In its multiple version, this piece from Benedito Design makes it possible to create delicate compositions.

(ESP) En su versión múltiple, esta pieza de Benedito Design permite crear delicadas composiciones.

Wall / Pared

WALL / PARED

by Benedito Design

(ENG) The H luminaire collection is a contemporary reinterpretation of the classic tabletop tapered shade lamp. With essential, archetypal geometries, the shade's lightness and light source stand out, resting on a generous diameter base that gives the whole ensemble strength and sturdiness. Its indirect lower and upper light provides a comfortable, warm illumination, enhancing the surrounding space.

WALL / PARED

(ESP) La colección de luminarias H nace como reinterpretación contemporánea del clásico sobremesa de pantalla cónica. De geometrías esenciales y arquetípicas, destacan la ligereza de su pantalla y la de su fuente de luz, que descansan sobre una base de diámetro generoso que aporta empaque y solidez al conjunto. Su luz indirecta inferior y superior proporciona una iluminación confortable y cálida, poniendo en valor el espacio que la rodea.

(ENG) This collection offers a wide range of possibilities to illuminate spaces with a soft lighting, using pieces that provide a significant representational value and an important overall cohesive look.

(ESP) Esta colección ofrece una amplia gama de posibilidades para iluminar espacios de forma delicada, mediante piezas que aportan un gran valor representativo y una importante coherencia de conjunto.

(ENG) This multifunctional luminaire with a contemporary design is the fruit of the combination of multiple planes with basic geometrical forms. Designed with the mobile phone in mind, all models include a USB port and the table model includes wireless charging technology.

(ESP) De la unión de múltiples planos con formas geométricas básicas nace esta luminaria multifuncional de diseño contemporáneo. Centrada en el teléfono móvil, incluye USB en todas sus versiones y tecnología de carga inalámbrica en la de sobremesa.

Elamp

by Francesc Vilaró

Gamma

by Josep Patsí

(ENG) With a minimalist design, it stands out for its excellent finishes and a flexibility that makes it perfect for the hotel sector. With a round base, it is supplied in 4 different finishes.

(ESP) Con un diseño minimalista, destaca por sus excelentes acabados y una flexibilidad que la hacen perfecta para el sector hotelero. De base redonda, cuenta con más de 4 acabados.

(ENG) The matt gold finish enhances the elegance of this minimalist version of the reading lamp.

(ESP) El acabado en dorado mate acentúa la elegancia de esta versión minimalista de la luz de escritorio.

(ENG) The Simply collection provides maximum functionality with minimum expressiveness. With a geometric design, it stands out for its great versatility and infinite features and applications. This series is designed to be long lasting and to illuminate any room regardless of its style.

Simply

by Josep Patsí

(ESP) Simply es una colección que concede una máxima funcionalidad con la mínima expresión. Con un diseño geométrico destaca por la gran versatilidad e infinidad de prestaciones y aplicaciones que ofrece. Esta serie está concebida para perdurar en el tiempo e iluminar cualquier estancia independientemente de cuál sea su estilo.

Noway

by Francesc Vilaró

(ENG) Dematerialisation, and how light takes centre stage, are two of the objectives behind Noway's conceptualisation and design. The result is a luminaire with a striking weightlessness and lightness effect that offers high visual comfort with minimal fuss.

(ENG) This collection offers different ideas, from purer versions to more complex ones, playing with light effects and providing a more visual presence.

(ESP) Esta colección presenta diferentes propuestas, desde versiones más puras hasta otras más complejas jugando con los efectos de luz y aportando más presencia visual.

(ESP) La desmaterialización y la cesión del máximo protagonismo a la luz son dos de los objetivos que se esconden detrás de la conceptualización y el diseño de Noway. Como resultado, una luminaria con un sorprendente efecto de ingravidez y ligereza que consigue ofrecer un alto confort visual con la mínima materia.

Architectural Lighting / Iluminación Arquitectónica

Low Voltage

(ENG) This multi-purpose system, consisting of a magnetic profile and 48V of power, is compatible with projectors, hanging pieces and linear pieces, giving the designer total freedom to adjust and move the points of light in keeping with the changing lighting demands of each specific space.

(ENG) Bento low voltage is intended for modern and contemporary spaces, where comfort and integration are of paramount importance, such as communal areas in hotels, conference rooms and exhibition venues.

(ESP) Bento low voltage pensado para utilizarse en espacios modernos y actuales, donde el confort y la integración debe ser máxima, tales como zonas comunes en hoteles, salas de conferencias y de exposiciones.

(ENG) Atom low voltage is designed for adaptable multi-purpose rooms that require precise and well-defined lighting.

(ESP) Atom low voltage pensado para ambientes variables que requieren una iluminación precisa y definida.

(ESP) Este sistema polivalente, formado por un perfil magnético, alimentado a 48V, compatible con proyectores, colgantes o lineales aporta al diseñador libertad total para ajustar y mover los puntos de luz según las cambiantes exigencias de iluminación únicas de cada espacio.

Veneto low voltage

(ENG) The most flexible and functional product family on the market, with LED modules from 1 to 18W and 36 to 110 mm sized frames. All the efficacy, optical control and easy installation of the Play family, with countless decorative options to personalize the installation. The ideal point of balance between functionalism and aesthetics.

Play

(ESP) La familia más flexible y modular del mercado, con módulos led des de 1 hasta 18W y tamaños de marco des de 36 hasta 110 mm. Toda la eficiencia, el control óptico y la facilidad de instalación de la familia Play con multitud opciones de personalización a nivel decorativo. El punto de equilibrio ideal entre funcionalidad y estética.

(ENG) Solutions manufactured in fine materials enable architects, designers and interior designers to blend used materials into both the ambience and lighting.

(ESP) Soluciones fabricadas en materiales nobles para que arquitectos, dissenyadores e interioristes puean integrar los materiales usados tanto en el ambiente cómo en la iluminación.

(ENG) Walnut and oak wood from sustainable forests.

(ESP) Madera de nogal y roble proveniente de bosques sostenibles.

(ENG) Pure architectural materials such as alabaster and concrete finishes where every detail counts in space.

(ESP) Materiales arquitectónicos puros como los acabados en alabastro y cemento donde cada detalle se cuida en el espacio.

(ENG) Play Soft with a smooth frame for greater integration into the ceiling.

(ESP) Play Soft con marco de estructura suavizada para una mayor integración en el techo.

(ENG) Play Snoot with a high-comfort, fully-adjustable frame.

(ESP) Play Snoot con marco de alto confort y completamente ajustable.

(ENG) With a cylindrical shape and refined lines, this source of downlighting can be installed on a surface, it can be built-in and it can be suspended. It has a life cycle of 50,000 hours and offers countless options to illuminate large spaces: from auditoriums to hotel lobbies.

Luno

(ESP) De forma cilíndrica y líneas puras, esta fuente de luz descendente puede instalarse en superficie, empotrada o en suspensión. Tiene una vida útil de 50.000 horas y multitud de posibilidades para iluminar grandes espacios: desde auditorios a lobbies de hotel.

Taglio di luce

(ENG) A linear system that provides architects and designers with the raw materials to draw a concept into the space. Thanks to its versatility and subtlety, the light blends into the room, creating inventive linear compositions with lighting effects on walls and ceilings.

(ENG) The perfect joints of the lighting structures make it possible to create the lighting drawing or effect of your dreams. Available in standard version or custom size.

(ESP) La perfecta unión de las estructuras lumínicas permite conseguir el dibujo o efecto de luz soñado. Disponible en versión estándar o a medida.

(ESP) Un sistema lineal que ofrece a arquitectos y diseñadores la materia prima con la que pintar un concepto en el espacio. Gracias a su versatilidad y sutileza, la luz se funde en el entorno creando ingeniosas composiciones lineales con efectos y juegos de luz en paredes y techos.

(ENG) With this flexible and resistant LED strip, light essentially becomes a form of ink and the surface becomes a canvas. This model provides impeccable continuous lighting and enables designers and architects to draw shapes that were previously impossible to achieve.

Asai

(ENG) Available in two types of curves: the side bend, with flexibility along the vertical axis; and the top bend, with flexibility along the horizontal axis.

(ESP) Disponible en dos tipologías de curvado: side bend, flexible en eje vertical y top bend, en el eje horizontal.

(ESP) Esta tira led de cuerpo flexible y resistente convierte la luz en tinta y las superficies en lienzos. Aporta una continuidad lumínica impecable y permite a diseñadores y arquitectos dibujar formas en el espacio hasta el momento imposibles de conseguir.

On performance

(ENG) New collection of flexible strips with a wide range of output powers and options that will allow you to create any effect. Superior performance range and a minimum colour rendering of 90. Specific solutions for temperature change or RGBW.

(ESP) Nueva colección de tiras flexibles con una amplia gama de potencias y opciones que permiten conseguir cualquier efecto en versión. Gama de prestaciones superiores y una reproducción cromática mínima de 90. Soluciones específicas de cambio de temperatura o RGBW.

(ENG) Small compact downlight designed for accent lighting. It allows you to create dramatic effects and play with the light and dark of the scene, illuminating elements within a space. It projects a crisp, clean, spot-free halo and is highly adjustable in both tilt and rotation.

Biwa

(ESP) Downlight compacto de tamaño pequeño ideado para realizar iluminación de acento. Permite crear efectos dramáticos y jugar con el claro-oscuro de la escena, iluminando elementos dentro de un espacio. Proyecta un halo limpio, nítido y sin residuos, y ofrece una gran ajustabilidad tanto en inclinación como en rotación.

Lighting projects / Proyectos lumínicos

Hotel Pullman Barcelona Skipper

(ENG) Design, development and installation of the lighting environment for the hotel, following guidelines from architect Tote Moreno at UDA Factory and customer renderings. As well as integrating the light into the space with standard technical products like the ON linear LED strips or the Play family, combined with fine materials such as wood, metal and glass and a range of fabrics, LEDS C4 has created an exclusive collection of decorative lights for the hotel. From impressive rings and cages in the lobby to elegant spheres in the bar and imposing rectangular structures in the restaurant. All finished in black and gold for that quality touch that the customer wanted for this setting.

(ESP) Diseño, desarrollo e instalación de la escenografía lumínica del hotel a partir de las directrices de diseño del arquitecto Tote Moreno de UDA Factory y los renders del cliente. Además de integrar la luz en el espacio a partir de productos técnicos estándar como el sistema lineal de tiras led ON o la familia Play, sirviéndose de materiales nobles como la madera, el metal o el cristal y una selección de tejidos, LEDS C4 ha creado una colección de luminarias decorativas en exclusiva para el hotel. Desde los impresionantes aros y jaulas del lobby a las elegantes esferas del bar o las imponentes estructuras rectangulares del restaurante. Todo en acabados negro y oro para conferir la calidez que el cliente buscaba en el ambiente.

Restaurant Radisson Blu Strand

(ENG) As part of the redesign of this iconic 100-year-old hotel, carried out by the famous Scandinavian architecture studio Wingårdh in collaboration with interior designer Kajsa Eriksson, LEDS C4 designed and manufactured 439 teardrop pendant lights and installed them at different heights and spacings, from the skylight to the ground floor of the restaurant. This created a spectacular starry-sky effect and added to the relaxed feel that the architect and interior designer wanted to create for diners. A demanding project with a result that impressed visitors to the space.

(ESP) Como parte del rediseño de este icónico hotel con más de 100 años de historia por parte del reputado estudio escandinavo de arquitectura Wingårdh, junto a la diseñadora de interiores Kajsa Eriksson, LEDS C4 diseñó y construyó 439 lágrimas de luz colgantes y las instaló a diferentes alturas y distancias, desde el tragaluz hasta la planta baja del restaurante, creando así un espectacular efecto de cielo estrellado y contribuyendo al ambiente relajado que arquitecto y diseñadora buscaban para los comensales. Un proyecto exigente con un resultado que impresiona a quienes visitan el espacio.

Organic lighting for Symphony Café, Dubai / Luz orgánica para Café Symphony Dubai

(ENG) Maintaining the concept of symphony as its inspiration, H2R Interiors has created a new image for luxury fashion boutique Symphony and its café experience, Two at Symphony. The designers have sought to create a space with a strong architectural identity, where simplicity and detail showcase maximum elegance. LEDS C4 collaborated on the integrated lighting for this project with H2R Interiors and Light.Func Lighting Design, with technical products including downlights from the Play collection, Bond track lighting and On LED strips. The project's lighting focused on romantic interior design, letting natural light take centre stage, along with the use of colour in the accompanying textures and fine materials, which provides a pleasant warmth to the space.

(ESP) Manteniendo el concepto de sinfonía como inspiración, H2R Interiors crea una nueva imagen para Symphony, la boutique de moda de lujo, y su café experience Two at Symphony. Los diseñadores buscan crear un espacio con fuerte identidad arquitectónica donde la simplicidad y el detalle exhiben la máxima elegancia. LEDS C4 ha colaborado con la iluminación integral de este proyecto junto H2R Interiors y Light.Func lighting design con productos técnicos como downlights de la colección Play, Bond track y tiras LED On. La iluminación del proyecto se ha centrado en el interiorismo romántico dejando protagonismo a la luz natural y al cromatismo de las texturas y los materiales nobles que lo acompañan, aportando una calidez lumínica amable en el espacio.

Taglio di luce ✂ Custom cut / Corte a medida

If you want a Taglio di Luce profile in a special size, you can request a straight, customised length when you place your order.

Si quiere un perfil Taglio di Luce con una medida especial, puede solicitar un tramo recto a medida al realizar su pedido.

Benefits of custom cuts

- Get the exact measurement you need for your project.
- You will receive your order with the number of required taglio di luce.
- You will be able to identify each cut by a label with the chosen placement area name on the strip.

Beneficios del corte a medida

- Obtener la medida exacta que necesita para su proyecto.
- Recibirá el pedido en el número de unidades de taglio di luce que necesite.
- Podrá identificar cada corte con una etiqueta con el nombre de la zona de destino que usted desee.

Conditions of use

- All cut to length profiles include an installation kit, covers, diffusers and the necessary connectors.
- Profiles can be up to a maximum 3 metres long. For larger sizes, the Y-joint kits will be included so the desired size can be constructed.
- As far as possible, and up to 10 m in length, the diffuser will be delivered in a single, uncut section.

Condiciones de uso

- Todos los perfiles cortados a medida incluyen kit de instalación, tapas, difusores y uniones necesarias.
- La medida máxima del perfil es de 3 metros. Para medidas más grandes se incluirán los kits de unión “Y” para poder construir la medida deseada.
- En la medida de lo posible, y hasta 10m de longitud, se servirá el difusor en un solo tramo sin cortes.

How does it work? / ¿Cómo funciona?

To order a custom cut, create a product code specifying:

1. The reference number.
2. The “L” code that shows the “Cut to length” measurement.
3. The number of the cut unit.
4. The total length of each profile in meters (m).
5. Write the area to be placed, which will be printed on the packaging (optional).

Para solicitar el corte a medida debe construir el código del producto especificando:

1. La referencia.
2. El código “L” que indica “Corte a medida”.
3. El número de unidades de corte.
4. La longitud de cada perfil en metros (m).
5. Escribir la zona de destino que se identificarà en el embalage (Opcional).

Example of construction of the cut-to-size code:

Reference number Referencia	Cut to length code (L) Código corte a medida (L)	Units Uds	Length per unit (mm) Longitud por unidad (mm.)	Identifier (optional) Identificativo (opcional)
71-5740-14-00	L	3	1500	Lounge2

Taglio di luce ✂ Custom cut / Corte a medida

If you want a Taglio di Luce profile in a special size, you can request a straight, customised length when you place your order.

Si quiere un perfil Taglio di Luce con una medida especial, puede solicitar un tramo recto a medida al realizar su pedido.

On Performance ✂ Custom cut / Corte a medida

If you want a LED strip in a special size, you can request a straight, customised length when you place your order.

Benefits of custom cuts

- Get the exact measurement you need for your project.
- You will receive your order with the number of required LED strips.
- You will be able to identify each cut by a label with the chosen placement area name on the strip.

Conditions of use

- The requested measure must be a multiple of the chosen reference's minimum cut, which is shown in the Cut to length code table.
- The maximum cut length may not be greater than the maximum length of the series connector, as shown in the Cut to length code table.
- All references cut to size will include a 20 cm cable at one end to facilitate the connection.
- Up to 50 m coils can be ordered depending on the reference. Consult the customer service team.

Si requiere una tira LED con una medida especial, puede solicitar un tramo recto a medida al realizar su pedido.

Beneficios del corte a medida

- Obtener la medida exacta que necesita para su proyecto.
- Recibirá el pedido en el número de unidades de tira LED que necesite.
- Podrá identificar cada corte con una etiqueta con el nombre de la zona de destino que usted desee.

Condiciones de uso

- La medida solicitada deberá ser múltiple al corte mínimo de la referencia escogida, indicado en la tabla de códigos de Corte a medida.
- La longitud máxima de corte no podrá ser mayor a la medida máxima de conexión en serie, indicado en la tabla de códigos de Corte a medida.
- Todas las referencias cortadas a medida incluirán 20 cm de cable en un extremo para facilitar la conexión.
- Se pueden pedir bobinas de hasta 50m dependiendo de la referencia. Consulte con el equipo de Atención al cliente.

How does it work? / ¿Cómo funciona?

To order a custom cut, create a product code specifying:

1. The reference number.
2. The “L” code that shows the “Cut to length” measurement.
3. The number of the cut unit.
4. The total length of each strip in mm.
5. Write the area to be placed, which will be printed on the packaging (optional).

Para solicitar el corte a medida debe construir el código del producto especificando:

1. La referencia.
2. El código “L” que indica “Corte a medida”.
3. El número de unidades de corte.
4. La longitud de cada tira en milímetros (mm).
5. Escribir la zona de destino que se identificará en el embalage (Opcional).

Example of construction of the cut-to-size code:

Reference number Referencia	Cut to length code (L) Código corte a medida (L)	Units Uds	Length per unit (mm) Longitud por unidad (mm.)	Identifier (optional) Identificativo (opcional)
91-7908-00-00	L	3	3000	Room

Ejemplo de construcción del código de corte a medida:
